WORK EXPERIENCE

Transportation Services Director 2020-2023
Metropolitan Transit Authority

- Oversaw the development of a city-wide public transportation plan that increased ridership by 25%.
- Managed the implementation of new transit routes based on community feedback.
- Collaborated with urban planners to integrate transportation with land use.
- Conducted public workshops to educate residents on transportation options.
- Developed performance metrics to evaluate service efficiency.
- Secured funding for transit projects through grant applications.

Urban Transportation Planner 2019-2020
City Planning Department

- Conducted transportation studies to assess community needs and preferences.
- Developed models for traffic flow improvements in urban areas.
- Collaborated with stakeholders to promote safe and accessible transportation.
- Prepared reports for city council on transportation planning initiatives.
- Facilitated community engagement activities to gather input on transportation projects.
- Monitored and analyzed transportation data to inform planning decisions.

ACHIEVEMENTS

- Recognized for excellence in transportation planning by the National Transit Association in 2021.
- Led a project that improved transit accessibility for individuals with disabilities.
- Secured \$1 million in funding for sustainable transportation initiatives.
