- Spanish
- French

EDUCATION

MASTER OF DATA SCIENCE, MASSACHUSETTS INSTITUTE OF TECHNOLOGY, 2017

ACHIEVEMENTS

- Successfully implemented an AI traffic solution that reduced congestion by 30%.
- Recognized with the Urban Technology Award for excellence in innovation.
- Increased efficiency in urban services through data-driven solutions.

AI URBAN SOLUTIONS MANAGER

Innovative Urban Technology Manager with a strong focus on the application of artificial intelligence and machine learning within urban environments. Extensive experience in overseeing projects that leverage cutting-edge technologies to enhance urban infrastructure and public safety. Recognized for adeptly managing teams through the complexities of technological transformation while ensuring compliance with regulatory standards.

WORK EXPERIENCE

AI URBAN SOLUTIONS MANAGER
Urban Innovations Lab

2020 - 2025

- Developed AI-driven solutions for traffic management and urban mobility.
- Managed a team of data scientists and engineers to implement machine learning models.
- Conducted pilot studies to assess AI applications in public safety.
- Collaborated with law enforcement to enhance predictive policing strategies.
- Secured funding for technology research initiatives from federal grants.
- Presented findings at national conferences to promote urban AI applications.

DATA ANALYST, URBAN TECHNOLOGIES
Tech Solutions Corp

2015 - 2020

- Analyzed urban datasets to identify trends and inform technology projects.
- Developed dashboards for real-time monitoring of urban infrastructure.
- Collaborated with cross-functional teams to define project scope and objectives.
- Presented data insights to city officials to support decision-making.
- Evaluated existing systems for potential technology upgrades.
- Assisted in the creation of reports detailing project outcomes and recommendations.
