WORK EXPERIENCE

URBAN TRANSPORT AND HEALTH PLANNER

Healthy Cities Initiative

2020 - 2025

- Developed urban transport plans that prioritize public health outcomes.
- Collaborated with health departments to assess the impacts of transport on community health.
- Conducted workshops to raise awareness about active transportation benefits.
- Analyzed data on injury rates to inform safety improvements in transport design.
- Engaged with community groups to gather input on transport initiatives.
- Secured funding for health-focused transport projects through grants.

TRANSPORT POLICY ANALYST

Urban Health Research Center

2015 - 2020

- Evaluated the health implications of transportation policies and proposed actionable recommendations.
- Conducted research on the correlation between transport access and health outcomes.
- Collaborated with city planners to integrate health considerations into transport projects.
- Prepared policy briefs for stakeholders highlighting health-centric transport strategies.
- Facilitated community forums to discuss transport and health intersections.
- Authored reports that informed citywide health initiatives.
