MICHAEL ANDERSON

SAAS UX DEVELOPER

Innovative User Experience Web Developer with over 6 years of experience in the technology sector, specializing in SaaS applications. My passion for creating intuitive user interfaces is matched by my proficiency in full-stack development. I have a solid understanding of both front-end and back-end technologies, which empowers me to develop comprehensive solutions that enhance user experience and satisfaction.

PROFESSIONAL EXPERIENCE

Cloud Technologies Inc.   *Mar 2018 - Present*
SaaS UX Developer

- Designed and implemented user interfaces for multiple SaaS applications.
- Conducted user testing and analysis to optimize application workflows.
- Collaborated with product teams to align UX with business objectives and user needs.
- Utilized front-end frameworks such as Angular and Bootstrap for efficient development.
- Improved application load speed by 40% through code optimization.
- Developed documentation and user guides to assist clients in navigating the software.

TechWave Solutions   *Dec 2015 - Jan 2018*
Full Stack Developer

- Built responsive web applications using JavaScript, Node.js, and Express.
- Integrated third-party APIs to enhance application functionality.
- Implemented automated testing to ensure code quality and reliability.
- Worked in an Agile environment, participating in scrums and sprint reviews.
- Gathered user feedback to iterate on product designs and enhancements.
- Reduced bug reports by 35% through thorough testing and quality assurance processes.

ACHIEVEMENTS

- Recognized for outstanding contribution to a major software release.
- Improved user satisfaction scores by over 25% through effective UX strategies.
- Completed a leadership training program focused on team collaboration and project management.
