

MICHAEL ANDERSON

UX/UI Developer

Experienced User Experience Web Developer with over 7 years in the financial services industry. I have a keen eye for detail and a strong understanding of user behavior, which allows me to craft optimized digital experiences for complex financial products. My expertise includes designing intuitive interfaces that simplify user interactions while ensuring compliance with industry regulations.

WORK EXPERIENCE

UX/UI Developer

2020-2023

FinTech Solutions

- Designed and developed user interfaces for a suite of financial applications.
- Conducted user research to identify pain points in customer interactions.
- Collaborated with compliance teams to ensure adherence to regulations.
- Utilized tools like Adobe XD and Figma for prototyping and design.
- Increased user satisfaction ratings by 35% through iterative design improvements.
- Led a team of developers in a successful product launch ahead of schedule.

Web Developer

2019-2020

Investment Group

- Developed and maintained the company's client-facing website and application.
- Implemented features based on user feedback to enhance functionality.
