MICHAEL ANDERSON

UTILITIES INFRASTRUCTURE DIRECTOR

Strategic and analytical Utilities Infrastructure Manager with over a decade of experience in the energy and water utility sectors. Expertise in overseeing large-scale infrastructure projects that align with organizational goals and regulatory standards. Proficient in identifying operational inefficiencies and implementing innovative solutions to enhance productivity and service delivery. Demonstrated ability to manage budgets, resources, and personnel effectively, ensuring optimal performance across all projects.

PROFESSIONAL EXPERIENCE

Renewable Resources Inc.

Mar 2018 - Present

Utilities Infrastructure Director

- Directed strategic planning initiatives for utility infrastructure projects, aligning them with corporate objectives.
- Managed a portfolio of projects worth over \$25 million, ensuring adherence to budgets and timelines.
- Led cross-departmental teams in the execution of complex utility upgrades.
- Implemented performance metrics that improved project completion rates by 30%.
- Negotiated agreements with contractors and suppliers to optimize resource utilization.
- Presented project updates to executive leadership, influencing strategic decisions.

Urban Water Solutions

Dec 2015 - Jan 2018

Project Coordinator

- Coordinated project schedules and resource allocation for multiple utility projects.
- Assisted in the development of project proposals and grant applications.
- Conducted site assessments and feasibility studies for new infrastructure projects.
- Facilitated stakeholder meetings to gather input and address concerns.
- Monitored compliance with safety and environmental regulations.
- Produced detailed reports on project progress and outcomes for stakeholders.

ACHIEVEMENTS

- Recognized for leading the most successful project in company history, achieving a 50% reduction in costs.
- Recipient of the 'Leadership Excellence Award' for outstanding team performance.
- Successfully implemented a sustainability initiative that reduced waste by 40%.
