LANGUAGES

- English
- Spanish
- French

Innovative valuation professional with a focus on technology sector valuations, financial analysis, and strategic investment advisory. Expertise in conducting valuations for high-growth technology firms, utilizing advanced analytics to assess market potential and financial performance. Proven ability to articulate complex valuation concepts to executive teams and stakeholders, fostering informed decision-making. Strong analytical mindset complemented by a commitment to leveraging technology in valuation processes.

💼 WORK EXPERIENCE

Technology Valuation Analyst   2020-2023

XYZ Tech Advisors

- Conducted valuations of technology startups, assessing market potential and financial viability.
- Developed and maintained financial models to project revenue and growth trajectories.
- Engaged with clients to understand their business models and tailor valuation approaches.
- Utilized data analytics tools to enhance the accuracy of valuation assessments.
- Prepared comprehensive reports for investors, facilitating informed investment decisions.
- Collaborated with cross-functional teams to align valuation methodologies with business strategies.

Junior Analyst   2019-2020

ABC Capital Partners

- Assisted in the valuation of technology firms, providing analytical support for investment decisions.
- Conducted market research to identify trends impacting technology valuations.
- Utilized financial modeling techniques to evaluate potential acquisition targets.
- Supported the preparation of investment memorandums for client presentations.
- Maintained databases of financial information to streamline valuation processes.
- Participated in client meetings, enhancing understanding of client objectives and expectations.

★ ACHIEVEMENTS

- Contributed to a valuation project that secured a $20 million investment for a technology startup.
- Recognized for outstanding performance in financial analysis and reporting.
- Improved data analysis efficiency by 30% through the implementation of new software tools.
