### EDUCATION

**DOCTOR OF VETERINARY MEDICINE,  
ANIMAL HEALTH UNIVERSITY, 2011**

### ACHIEVEMENTS

- Implemented a new curriculum that improved student exam scores by 15%.
- Recognized for excellence in teaching with the 'Teaching Excellence Award' in 2020.
- Developed partnerships with local animal shelters to enhance student learning opportunities.

### PROFILE

With a strong foundation in veterinary medicine and a decade of experience as a Veterinary Clinical Instructor, I specialize in integrating clinical practice with educational strategies. My career began in a busy veterinary clinic where I gained extensive experience in emergency care and surgery. I then transitioned to teaching, where I could share my passion for animal health and welfare with students.

### EXPERIENCE

#### VETERINARY CLINICAL INSTRUCTOR

##### Paw University

*2016 - Present*

- Led clinical skills workshops, focusing on surgery and emergency medicine.
- Mentored students during hands-on clinical experiences in the teaching hospital.
