### ACHIEVEMENTS

- Improved laboratory accuracy by implementing a new quality assurance program.
- Recognized for exceptional customer service by receiving client feedback awards.
- Developed a training manual for new laboratory technicians that enhanced onboarding efficiency.

### PROFILE

Enthusiastic and detail-oriented Veterinary Diagnostic Specialist with 5 years of experience specializing in hematology and cytology. Skilled in performing complex laboratory tests and interpreting results to aid in the diagnosis of animal diseases. Strong background in educating pet owners about the importance of diagnostic testing for preventative care. Demonstrated ability to work under pressure in fast-paced environments, delivering accurate results in a timely manner.

### EXPERIENCE

#### DIAGNOSTIC LAB TECHNICIAN

##### Animal Care Center

2016 - Present

- Conducted hematology and biochemistry tests on animal samples with a focus on accuracy and reliability.
- Collaborated with veterinarians to discuss test results and recommended follow-up diagnostics.
- Maintained laboratory equipment and ensured all tests were performed under stringent health regulations.
- Trained new staff on laboratory procedures and safety protocols.
- Streamlined laboratory workflows, reducing testing time by 20%.
- Participated in continuing education workshops to stay updated with new diagnostic techniques.

#### VETERINARY ASSISTANT

##### Compassionate Paws Veterinary Clinic

2014 - 2016

- Assisted veterinarians in sample collection for diagnostic purposes, ensuring proper handling and storage.
- Performed routine laboratory tests and documented results for veterinary review.
- Provided excellent client service by explaining the diagnostic testing process and results.
- Maintained cleanliness and organization in the laboratory to comply with safety standards.
- Supported the development of educational materials for pet owners on the importance of diagnostics.
- Facilitated communication between pet owners and veterinary staff regarding diagnostic procedures.
