Dynamic and results-oriented Veterinary Health Program Specialist with 7 years of experience in veterinary public health and community engagement. Strong background in developing educational programs and outreach initiatives to promote animal welfare and disease prevention. Proven ability to collaborate with diverse stakeholders, including veterinarians, community organizations, and government agencies, to enhance public health strategies.

## WORK EXPERIENCE

### Veterinary Community Outreach Coordinator | Animal Health Coalition

Jan 2022 – Present

- Designed and implemented outreach programs that increased public awareness of animal health issues.
- Organized community events to promote vaccination and preventive care for pets.
- Collaborated with local veterinarians to provide services at reduced costs for underserved populations.
- Monitored program success through data collection and analysis.
- Engaged with community organizations to expand service reach and impact.
- Produced educational materials to distribute at community events and clinics.

### Veterinary Technician | City Animal Hospital

Jul 2019 – Dec 2021

- Provided clinical support in examinations, treatments, and surgical procedures.
- Educated pet owners on health maintenance and disease prevention strategies.
- Managed medical records and assisted in the administration of medications.
- Participated in community outreach initiatives to promote responsible pet ownership.
- Trained and mentored new staff on clinic protocols and animal care standards.
- Ensured compliance with safety regulations and best practices in veterinary care.
