### WORK EXPERIENCE

#### Senior Outreach Manager

2020-2023

Veterinary Health Foundation

- Led the development of community health initiatives that increased animal vaccination rates by 40% over three years.
- Established collaborations with local health departments to integrate animal health into public health agendas.
- Managed a team of outreach coordinators to effectively execute educational programs across multiple regions.
- Utilized data analytics to evaluate program effectiveness and inform future outreach efforts.
- Presented findings at various conferences, influencing policy changes in animal health education.
- Created comprehensive outreach toolkits for community organizations, enhancing their educational impact.

#### Outreach Coordinator

2019-2020

Animal Care Coalition

- Developed targeted outreach programs that improved community awareness of animal welfare issues.
- Coordinated vaccination and spay/neuter clinics, serving over 2,500 pets annually.
- Engaged with community leaders to foster support for animal welfare initiatives.
- Implemented evaluation tools to measure the impact of outreach efforts on community behavior.
- Created educational materials that were distributed to local schools and libraries.
- Organized workshops that trained over 500 community members on responsible pet ownership.

### ACHIEVEMENTS

- Recognized with the 'Champion of Animal Welfare Award' for leadership in public health initiatives in 2022.
- Successfully increased community participation in outreach programs by 50% through innovative strategies.
- Developed a comprehensive animal welfare curriculum adopted by several local schools.
