EDUCATION

MASTER OF VETERINARY SCIENCE,
UNIVERSITY OF TECH FOR ANIMALS,
2014

ACHIEVEMENTS

- Developed an award-winning online course in veterinary diagnostics.
- Increased student engagement scores by 40% through innovative teaching methods.
- Won the Faculty Innovation Grant for technological advancements in veterinary education.

PROFILE

Resourceful veterinary teaching professional with a focus on integrating technology into veterinary education. Possessing 8 years of experience in teaching and clinical practice, I have spearheaded initiatives to modernize the curriculum and enhance student engagement. My experience includes teaching diagnostic imaging and clinical pathology, where I have successfully employed digital tools to facilitate learning.

EXPERIENCE

VETERINARY LECTURER

TechForward Veterinary School

2016 - Present

- Designed and delivered lectures on modern diagnostic imaging techniques.
- Incorporated virtual reality tools to simulate real-life clinical scenarios for students.
- Conducted workshops on clinical pathology using case studies to enhance problem-solving skills.
- Collaborated with IT specialists to create an online learning platform for veterinary education.
- Advised students on research projects, leading to two conference presentations.
- Engaged in community outreach programs to promote animal welfare education.

VETERINARY TECHNICIAN INSTRUCTOR

City Veterinary Institute

2014 - 2016

- Taught hands-on skills in veterinary nursing to aspiring veterinary technicians.
- Developed assessment tools to evaluate practical skills, improving student proficiency by 20%.
- Mentored students through clinical practice, fostering confidence and competence.
- Implemented a peer tutoring program that enhanced student collaboration and learning.
- Facilitated continuing education sessions for faculty on integrating technology in teaching.
- Participated in curriculum review committees to ensure educational standards.
