- Received the Outstanding Faculty Award for commitment to student success, 2019.

Michael Anderson

LARGE ANIMAL VETERINARY INSTRUCTOR

Experienced veterinary teaching professional with a comprehensive background in large animal medicine and surgery. With over 11 years of experience in veterinary education, I have dedicated my career to equipping students with the skills needed to excel in the field of large animal veterinary practice. My teaching approach combines hands-on field experiences with theoretical knowledge, ensuring that students understand the complexities of large animal care.

EXPERIENCE

LARGE ANIMAL VETERINARY INSTRUCTOR

State University Veterinary College

2016 - Present

- Delivered lectures on large animal medicine, encompassing anatomy, physiology, and surgery.
- Supervised clinical rotations involving hands-on care of equine and livestock patients.
- Developed partnerships with local farms to provide students with practical experiences.
- Implemented a mentorship program for students in large animal practice.
- Conducted research on large animal health management, resulting in multiple publications.
- Organized field trips to veterinary clinics for immersive learning experiences.

VETERINARY CLINICAL SKILLS INSTRUCTOR

Farm Animal Health Institute

2014 - 2016

- Taught surgical techniques and emergency care for large animals.
- Designed practical exams to assess student competencies in clinical skills.
- Facilitated workshops on anesthesia and pain management for large animals.
- Collaborated with veterinarians to enhance student learning through real-life scenarios.
- Participated in community health initiatives related to livestock welfare.
- Evaluated student performance and provided feedback for continuous improvement.
