- French

EDUCATION

MASTER OF SCIENCE IN VETERINARY TOXICOLOGY, UNIVERSITY OF FLORIDA

ACHIEVEMENTS

- Improved treatment outcomes for poisoned animals by 25% through developed protocols.
- Recognized for outstanding research contributions at the annual Veterinary Toxicology Conference.
- Published multiple articles in veterinary journals on advancements in toxicological research.

PROFILE

Results-driven Veterinary Toxicologist with 8 years of experience in clinical toxicology and environmental risk assessment. Expertise in identifying toxic substances, conducting laboratory research, and advising on safe animal care practices. Proficient in using analytical techniques such as gas chromatography and mass spectrometry to evaluate toxic effects on animal health. Strong communicator, adept at collaborating with veterinarians and pet owners to develop effective treatment plans and risk management strategies.

EXPERIENCE

VETERINARY TOXICOLOGIST

Pet Health Solutions

2016 - Present

- Conducted toxicological evaluations of over 300 cases of animal poisonings annually.
- Designed and implemented a toxicology training program for veterinary staff.
- Utilized LC-MS techniques to analyze toxic substances in animal tissues.
- Collaborated with veterinarians to develop personalized treatment plans for affected animals.
- Presented findings at national veterinary conferences, enhancing the clinic's reputation.
- Maintained accurate records of toxic exposure cases to support ongoing research initiatives.

CLINICAL RESEARCH ASSOCIATE

Veterinary Research Institute

2014 - 2016

- Assisted in clinical trials assessing the safety of new veterinary drugs.
- Performed laboratory analyses to measure the effects of various compounds on animal health.
- Collaborated with cross-functional teams to ensure compliance with research protocols.
- Contributed to the development of research publications and protocols.
- Monitored animal welfare during trials, ensuring ethical treatment standards.
- Developed a database for tracking trial results and outcomes.
