WORK EXPERIENCE

Veterinary Toxicologist

2020-2023

Safe Haven Animal Hospital

- Conducted toxicological assessments for a variety of cases, ensuring timely interventions.
- Developed and distributed educational materials on household toxins to clients.
- Analyzed treatment outcomes to improve protocols for managing toxic exposures.
- Participated in client consultations to provide expert advice on toxin safety.
- Collaborated with local shelters to provide toxicology workshops for pet owners.
- Maintained up-to-date knowledge of emerging toxins and their impact on health.

Veterinary Technician

2019-2020

Greenfield Animal Clinic

- Assisted in the diagnosis and treatment of poisoning cases under veterinarian supervision.
- Monitored patient recovery and documented changes in health status.
- Engaged in client education on preventive care related to toxins.
- Supported the veterinary team in emergency procedures for poisoned animals.
- Performed laboratory tests to assist in identifying toxins.
- Contributed to the clinic's outreach programs focused on pet safety.

ACHIEVEMENTS

- Improved educational outreach by 25% through new community programs.
- Recognized for exceptional patient care and client communication skills.
- Developed a database for tracking toxic exposure cases in the clinic.
