- michael.anderson@email.com

Creative Virtual Learning Facilitator with a focus on arts education and over 9 years of experience in fostering creativity through online platforms. I specialize in integrating visual arts and digital media into engaging learning experiences that inspire students. My teaching approach emphasizes exploration and personal expression, ensuring that students feel empowered to develop their artistic skills.

WORK EXPERIENCE

Virtual Arts Educator | Creative Arts Academy

Jan 2022 – Present

- Designed and taught online art courses for students of all ages.
- Facilitated live painting workshops that engaged over 100 participants.
- Implemented collaborative projects using digital tools to enhance creativity.
- Monitored student progress and provided individualized feedback.
- Organized virtual exhibitions to showcase student artwork.
- Developed instructional videos that improved lesson comprehension.

Digital Media Instructor | Art-Tech Institute

Jul 2019 – Dec 2021

- Created online curriculum integrating technology with traditional art forms.
- Facilitated discussions on contemporary art and digital media.
- Utilized social media platforms to promote student work and engagement.
- Coached students in using digital tools for artistic creation.
- Monitored and assessed student progress through online portfolios.
- Collaborated with local artists for guest lectures and workshops.
