- michael.anderson@email.com

Resourceful and motivated Vocational Course Coordinator with over 9 years of experience in the trades education sector, specializing in construction and electrical training programs. Proven ability to design curricula that meet industry standards and prepare students for successful careers. Strong leadership skills with experience in managing diverse teams and coordinating with industry partners.

WORK EXPERIENCE

Construction Program Director | Trades Training Institute

Jan 2022 – Present

- Developed and launched a new construction management program, leading to a 60% increase in student enrollments.
- Established partnerships with local construction firms to provide students with real-world training opportunities.
- Organized safety training workshops to ensure student awareness of industry regulations.
- Implemented hands-on learning experiences that improved student skill acquisition and job readiness.
- Managed a team of 12 instructors and support staff to deliver high-quality training.
- Oversaw a program budget of \$300,000, ensuring efficient resource allocation.

Electrical Instructor | Electrical Training Academy

Jul 2019 – Dec 2021

- Taught courses in electrical theory and applications, utilizing hands-on training techniques.
- Developed lesson plans that incorporated current industry practices and technologies.
- Mentored students to enhance their technical skills and confidence in the field.
- Coordinated field trips to electrical companies and trade shows for practical exposure.
- Evaluated student performance and provided individualized support for success.
- Participated in ongoing professional development to stay updated on educational practices.
