WORK EXPERIENCE

Nursing Instructor

2020-2023

Health Sciences Academy

- Developed and implemented a nursing curriculum that improved student pass rates on licensure exams by 20%.
- Conducted clinical training sessions that emphasized hands-on skills and patient care.
- Mentored students through their clinical rotations, providing guidance and support.
- Collaborated with healthcare facilities to secure clinical placements for students.
- Facilitated workshops on the latest healthcare practices and technologies.
- Evaluated student performance and provided constructive feedback to enhance learning outcomes.

Clinical Educator

2019-2020

Nursing Care Institute

- Assisted in developing clinical training curriculum for nursing students, focusing on evidence-based practices.
- Facilitated hands-on training in simulated environments to enhance student learning.
- Coordinated community health initiatives, promoting health education and wellness.
- Supported students during their clinical placements, ensuring a positive learning experience.
- Conducted assessments to evaluate student competency and understanding of clinical procedures.
- Organized guest lectures with healthcare professionals to provide insights into career opportunities.

ACHIEVEMENTS

- Achieved a 30% increase in student retention rates through targeted mentorship programs.
- Recognized for excellence in teaching with the Outstanding Educator award in 2019.
- Successfully launched a new simulation-based training program for nursing students.
