### EDUCATION

**BACHELOR OF SCIENCE IN NURSING,  
UNIVERSITY OF FLORIDA, 2014**

### ACHIEVEMENTS

- Led a project that increased staff competency scores by 35% within one year.
- Recipient of the 'Excellence in Teaching Award' for innovative training methods.
- Published case studies on the impact of training in patient care settings.

### PROFILE

Results-oriented vocational instructional designer with over 8 years of experience in the healthcare sector. I specialize in creating interactive training solutions that enhance staff performance and improve patient outcomes. My background in nursing allows me to effectively bridge the gap between clinical practices and educational design. I have developed comprehensive onboarding programs that have reduced training time for new hires by 20%.

### EXPERIENCE

#### INSTRUCTIONAL DESIGNER

##### HealthFirst Education

*2016 - Present*

- Developed training materials for clinical staff using a learner-centered approach.
- Created simulation-based training that improved skills retention by 30%.
- Collaborated with healthcare professionals to ensure content accuracy.
- Implemented a feedback mechanism to refine training modules continuously.
- Analyzed training effectiveness through data collection and learner assessments.
- Facilitated training workshops, enhancing team capabilities and knowledge transfer.

#### CLINICAL EDUCATOR

##### City Hospital

*2014 - 2016*

- Designed and delivered orientation programs for new nursing staff.
- Utilized instructional design principles to enhance training materials.
- Conducted assessments to identify training needs of clinical personnel.
- Evaluated training outcomes and adjusted programs for continuous improvement.
- Integrated technology in training delivery to increase engagement levels.
- Mentored staff on best practices in patient care and safety protocols.
