Strategic Vocational Training Quality Specialist with over 11 years of experience in the construction industry. My focus has been on ensuring that vocational training programs meet the highest quality standards to prepare learners for successful careers in construction trades. I possess a comprehensive understanding of industry requirements and have successfully implemented quality assurance frameworks that enhance training delivery.

WORK EXPERIENCE

Quality Assurance Manager | Construction Training Institute

Jan 2022 – Present

- Directed quality assurance initiatives that improved training delivery in construction programs by 30%.
- Developed and implemented assessment tools that enhanced learner performance.
- Collaborated with construction companies to align training with industry needs.
- Conducted audits and evaluations to ensure compliance with safety and educational standards.
- Provided training for instructors on best practices in quality assurance and program delivery.
- Monitored program effectiveness and made data-driven recommendations for improvement.

Vocational Training Coordinator | BuildSkills Academy

Jul 2019 – Dec 2021

- Designed vocational training programs for various construction trades ensuring compliance with accreditation standards.
- Implemented quality improvement initiatives that enriched the training experience.
- Collaborated with trade experts to ensure curricula relevance and job readiness.
