SKILLS

- Vulnerability Assessment
- NERC CIP Compliance
- OpenVAS
- Splunk
- Incident Response
- Security Training

EDUCATION

**BACHELOR OF SCIENCE IN
CYBERSECURITY, ENERGY UNIVERSITY**

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Successfully implemented a security program that improved compliance by 50%.
- Reduced incident response times by 30% through effective strategies.
- Recognized for outstanding contributions to security assessments in the energy sector.

Michael Anderson

VULNERABILITY ANALYST

I am a results-driven Vulnerability Analyst with over 4 years of experience in the energy sector, focusing on securing critical infrastructure against cyber threats. My expertise lies in conducting vulnerability assessments and implementing robust security measures to protect sensitive operational technology. I have a solid understanding of NERC CIP standards and have successfully led initiatives to enhance compliance across organizations.

EXPERIENCE

VULNERABILITY ANALYST

Energy Secure Corp

2016 - Present

- Conducted vulnerability assessments on operational technology systems to ensure compliance with NERC CIP standards.
- Utilized OpenVAS to identify and remediate security vulnerabilities.
- Developed incident response strategies that reduced potential downtime by 30%.
- Collaborated with engineering teams to implement security measures across infrastructure.
- Provided training on security best practices to operational staff.
- Prepared detailed reports for management on security posture and remediation efforts.

SECURITY ANALYST

PowerTech Solutions

2014 - 2016

- Conducted regular security assessments on power generation systems, identifying vulnerabilities.
- Worked with IT teams to implement security controls, improving compliance with industry regulations.
- Analyzed security incidents to enhance threat detection and response capabilities.
- Maintained documentation of security policies and procedures.
- Participated in audits, ensuring adherence to NERC CIP standards.
- Presented findings to senior management, influencing security policy decisions.
