

MICHAEL ANDERSON

PLANT MANAGER

PROFILE

Accomplished Waste Treatment Plant Manager with extensive experience in managing complex waste processing operations and ensuring regulatory compliance. Expertise in developing and implementing strategic initiatives aimed at enhancing operational performance and sustainability. Proven ability to lead cross-functional teams in high-pressure environments while maintaining a focus on safety and efficiency. Strong analytical skills utilized to assess waste treatment processes, identify improvement opportunities, and implement corrective actions.

EXPERIENCE

PLANT MANAGER

Waste Management Corp.

2016 - Present

- Directed operations for a facility processing over 500 tons of waste daily, ensuring compliance with all local regulations.
- Implemented a comprehensive training program that reduced workplace accidents by 30%.
- Enhanced waste processing efficiency through the introduction of automated sorting technologies.
- Negotiated contracts with vendors, achieving a 20% cost reduction in waste disposal services.
- Conducted regular performance reviews and developed action plans to address areas for improvement.
- Engaged with community stakeholders to promote recycling initiatives and environmental education.

ENVIRONMENTAL COMPLIANCE OFFICER

City of Springfield

2014 - 2016

- Monitored compliance with environmental regulations across multiple waste treatment facilities.
- Developed and maintained documentation for regulatory inspections and audits.
- Collaborated with engineers to design waste treatment processes that minimize environmental impact.
- Trained staff on compliance protocols and procedures, enhancing overall facility performance.
- Analyzed waste treatment data to identify trends and areas for operational improvement.
- Prepared reports for regulatory agencies, ensuring transparency and accountability.
