WORK EXPERIENCE

Smart Water Management Technician

2020-2023

TechPlumb Innovations

- Implemented smart water management systems for residential and commercial clients.
- Conducted assessments to identify opportunities for IoT integration within existing plumbing infrastructures.
- Worked closely with clients to create tailored plumbing solutions based on their specific requirements.
- Developed training materials for staff on new technologies and systems.
- Monitored system performance to ensure optimal functionality and user satisfaction.
- Engaged in industry conferences to stay ahead of emerging plumbing technologies.

Plumbing Systems Analyst

2019-2020

Innovative Plumbing Corp.

- Analyzed plumbing systems to identify inefficiencies and recommend improvements.
- Collaborated with cross-functional teams to develop custom software solutions for plumbing management.
- Conducted workshops to educate clients on smart plumbing technologies.
- Managed pilot projects to test new plumbing solutions and gather feedback.
- Maintained documentation of system changes and updates for future reference.
- Provided ongoing support to clients post-installation to ensure satisfaction.

ACHIEVEMENTS

- Developed a smart water system that reduced client water usage by 25%.
- Recognized as 'Innovator of the Year' by the National Plumbing Association.
- Successfully led a project that improved plumbing efficiency by 30% through technology integration.
