# MICHAEL ANDERSON

## WATERSHED POLICY ADVISOR

Strategic Watershed Development Specialist with a robust background in environmental policy and sustainable land management. Expertise in advocating for the implementation of regulatory frameworks that protect watershed ecosystems while balancing economic interests. Proven ability to navigate complex political landscapes, fostering collaboration among diverse stakeholders to achieve shared goals. Experienced in leading interdisciplinary teams to develop and execute comprehensive watershed management plans.

## **PROFESSIONAL EXPERIENCE**

### **Department of Natural Resources**

*Mar 2018 - Present*

#### Watershed Policy Advisor

- Advised on watershed policy development, enhancing regulatory frameworks to protect water quality.
- Conducted impact assessments for proposed land use changes, ensuring compliance with environmental standards.
- Facilitated stakeholder meetings to gather input and build consensus on watershed management strategies.
- Developed policy briefs that informed decision-makers on critical watershed issues.
- Collaborated with legal teams to draft legislation aimed at watershed protection.
- Monitored and evaluated the effectiveness of implemented policies, recommending adjustments as necessary.

### **Green Policy Group**

*Dec 2015 - Jan 2018*

#### Environmental Policy Analyst

- Researched and analyzed environmental regulations affecting watershed management practices.
- Prepared comprehensive reports highlighting best practices in sustainable land use.
- Engaged with community stakeholders to assess concerns regarding local watershed issues.
- Supported advocacy efforts for the adoption of green infrastructure solutions.
- Facilitated workshops to educate stakeholders on the importance of watershed conservation.
- Assisted in the development of strategic communication plans for environmental campaigns.

## **ACHIEVEMENTS**

- Played a key role in the passage of watershed protection legislation recognized nationally.
- Published influential papers on the economic implications of watershed management policies.
- Received commendation for outstanding service in environmental policy development.
