WORK EXPERIENCE

Community Watershed Coordinator

2020-2023

Watershed Alliance

- Facilitated community engagement processes to develop consensus-based watershed management plans.
- Organized training sessions for local leaders on sustainable practices and watershed conservation.
- Developed outreach materials to educate the public on the significance of watershed health.
- Collaborated with schools to integrate watershed education into curricula.
- Monitored and evaluated community-led initiatives to assess impact and scalability.
- Established partnerships with local businesses to support watershed stewardship projects.

Watershed Educator

2019-2020

EcoEducation Center

- Designed and implemented educational programs focused on watershed management and conservation.
- Engaged students and community members in hands-on activities to foster environmental stewardship.
- Conducted assessments of educational program effectiveness through feedback and data analysis.
- Collaborated with local governments to align educational initiatives with conservation priorities.
- Presented findings at local forums to advocate for watershed protection measures.
- Wrote articles for community newsletters to raise awareness on watershed issues.

ACHIEVEMENTS

- Developed a community engagement framework recognized as a model for watershed management.
- Increased community participation in watershed initiatives by 60% over three years.
- Received a local award for excellence in environmental education and outreach.
