- Spanish
- French

Creative Web API Developer with over 7 years of experience in the tech industry, specializing in creating APIs that drive digital transformation. My career has spanned various sectors, including finance and education, where I have developed APIs to enhance service delivery and improve user experiences. I excel in collaborating with stakeholders to understand their needs and translate them into high-performance APIs.

💼 WORK EXPERIENCE

API Architect
2020-2023

Financial Solutions Group

- Designed and developed secure APIs for financial transactions, ensuring compliance with industry standards.
- Worked with stakeholders to gather requirements and deliver innovative solutions.
- Implemented monitoring and logging systems to track API usage and performance.
- Collaborated with security teams to conduct vulnerability assessments and mitigate risks.
- Led training sessions for developers on best practices in API security.
- Participated in code reviews to uphold coding standards and quality.

Web API Developer
2019-2020

EduTech Innovations

- Developed APIs for an online learning platform, improving accessibility for users.
- Optimized existing APIs to enhance performance and user engagement.
- Collaborated with design teams to ensure APIs met user experience standards.
- Integrated third-party services to add functionality to the platform.
- Maintained comprehensive API documentation for developers and users.
- Trained team members on API usage and implementation.

★ ACHIEVEMENTS

- Improved API security measures, leading to a 30% reduction in security incidents.
- Received an award for outstanding innovation in API development.
- Contributed to a project that increased user engagement by over 50% within six months.
