SKILLS

- AWS
- Azure
- Microservices
- REST APIs
- Django
- React
- DevOps
- CI/CD

LANGUAGES

- English
- Spanish
- French

EDUCATION

MASTER OF SCIENCE IN INFORMATION TECHNOLOGY, TECH UNIVERSITY, 2015

ACHIEVEMENTS

- Recognized as 'Employee of the Month' for outstanding performance in project delivery.
- Successfully migrated legacy applications to cloud infrastructure, resulting in a 50% reduction in operational costs.
- Contributed to a white paper on cloud security best practices, published by a leading tech journal.

PROFILE

Highly skilled Web Application Architect with a strong focus on cloud-based solutions and microservices architecture. With over 12 years of experience in the technology sector, I have a proven track record of delivering robust and scalable web applications. My expertise lies in designing systems that enhance performance and maintainability while meeting stringent deadlines.

EXPERIENCE

SENIOR WEB ARCHITECT

CloudTech Solutions

2016 - Present

- Designed and implemented a microservices architecture for a financial application, improving scalability by 60%.
- Managed cloud infrastructure on AWS, optimizing costs by 25% through resource management.
- Collaborated with DevOps to establish CI/CD practices, reducing deployment errors by 70%.
- Conducted architectural reviews, leading to enhanced code quality and maintainability.
- Presented technical workshops to stakeholders, improving understanding of cloud technologies.
- Developed a comprehensive documentation framework for system architecture and processes.

WEB DEVELOPER

NextGen Technologies

2014 - 2016

- Created dynamic web applications using Django and React, enhancing user engagement by 40%.
- Integrated third-party APIs to expand application functionality, increasing user retention.
- Participated in Agile ceremonies, contributing to sprint planning and retrospectives.
- Optimized existing codebase for performance and security, reducing vulnerabilities by 30%.
- Worked closely with designers to implement responsive design, improving mobile usability.
- Developed user training materials and conducted sessions for new application features.
