

MICHAEL ANDERSON

Junior Web Developer

Ambitious Web Developer with a passion for building innovative and efficient web applications. With 4 years of experience focused on front-end development and user interface design, I have a strong foundation in HTML, CSS, and JavaScript, with a keen interest in modern frameworks such as React and Angular. My experience includes working in startups and small businesses, where agility and creativity are paramount.

WORK EXPERIENCE

Junior Web Developer

2020-2023

Startup Innovations

- Assisted in the development of web applications using HTML, CSS, and JavaScript, improving project delivery timelines.
- Collaborated with senior developers on code reviews and pair programming, enhancing team skills.
- Contributed to the design of user interfaces, focusing on user-friendly layouts and functionality.
- Participated in team brainstorming sessions, generating ideas for new features and improvements.
- Maintained project documentation to ensure clear communication within the team.
- Engaged in user testing sessions, gathering feedback to inform application enhancements.

Web Development Intern

2019-2020

Tech Start Co.

- Supported the development team in building responsive websites, gaining hands-on experience with front-end technologies.
- Assisted in debugging and troubleshooting issues in existing web applications, improving site stability.
- Learned best practices for version control using Git, ensuring efficient team collaboration.
- Contributed to the creation of project documentation and user manuals, aiding in project clarity.
- Involved in design reviews, providing input to enhance user experience and interface design.
- Participated in training sessions, expanding knowledge of industry trends and technologies.

ACHIEVEMENTS

- Recognized for exceptional contribution during internship at Tech Start Co. with a letter of recommendation.
- Successfully completed a web application project that received positive feedback from users.
- Gained a 100% score in a front-end development course during my degree program.
