Detail-oriented Web Developer with 5 years of experience in creating intuitive and engaging web applications. My expertise lies in front-end technologies with a strong focus on user experience and accessibility. I have worked in sectors such as education and non-profit organizations, developing platforms that facilitate learning and community engagement.

WORK EXPERIENCE

Web Developer | Learn & Grow Inc.
Jan 2022 – Present

- Developed an educational platform that improved student engagement by 40% through interactive features.
- Collaborated with educators to design user-friendly interfaces that enhance the learning experience.
- Utilized HTML5 and CSS3 to create responsive layouts, ensuring accessibility for all users.
- Conducted user testing and incorporated feedback to refine application functionality.
- Maintained documentation for all projects, aiding in knowledge transfer within the team.
- Participated in code reviews, contributing to overall code quality and team collaboration.

Front-End Developer | Community Connect
Jul 2019 – Dec 2021

- Designed and implemented web applications to support community initiatives, increasing user participation by 50%.
- Worked closely with clients to gather requirements and provide ongoing support throughout project lifecycles.
- Utilized JavaScript libraries to enhance application interactivity and engagement.
- Participated in training sessions, improving technical skills and knowledge of industry trends.
- Developed comprehensive testing procedures to ensure application reliability and performance.
- Maintained strong communication with stakeholders to align project goals and deliverables.
