MICHAEL ANDERSON

WEB DEVELOPMENT ANALYST

Innovative Web Development Analyst with a passion for creating immersive web experiences and over 4 years of experience in the entertainment industry. I have successfully developed numerous websites and applications that engage users and enhance content delivery. My expertise includes JavaScript frameworks, responsive design, and user-centered design principles. At my previous job, I was responsible for designing an interactive web portal that increased user interaction by 70%.

PROFESSIONAL EXPERIENCE

Creative Media Group

Mar 2018 - Present

Web Development Analyst

- Designed and developed an interactive web portal that increased user engagement by 70%.
- Collaborated with designers and content creators to enhance website aesthetics.
- Utilized JavaScript frameworks to implement dynamic website features.
- Conducted usability testing to refine user experience and interface design.
- Optimized media delivery methods to improve site performance.
- Worked closely with marketing teams to align web content with promotional strategies.

Entertainment Web Solutions

Dec 2015 - Jan 2018
