- michael.anderson@email.com

Enthusiastic Web Development Analyst with a strong background in healthcare technology and over 5 years of experience developing user-friendly applications. My focus is on creating solutions that improve patient engagement and streamline healthcare services. I possess a solid understanding of HTML, CSS, and JavaScript, and I have worked on projects that enhance healthcare provider communication.

WORK EXPERIENCE

Web Development Analyst | HealthTech Innovations   Jan 2022 – Present

- Developed a patient portal that improved appointment scheduling by 40%.
- Collaborated with medical staff to gather requirements for web applications.
- Utilized HTML, CSS, and JavaScript to create responsive designs.
- Conducted user testing to enhance functionality and user experience.
- Maintained website content to ensure accurate medical information.
- Implemented security measures to protect patient data.

Junior Web Developer | Medical Web Solutions   Jul 2019 – Dec 2021

- Assisted in developing web applications for healthcare providers.
- Maintained and updated website content regularly for accuracy.
- Utilized HTML and CSS to create user-friendly interfaces.
- Worked closely with project managers to ensure timelines were met.
- Participated in usability testing to gather user feedback.
- Provided technical support for healthcare-related web applications.
