#### SKILLS

- Google Cloud
- Jenkins
- Ansible
- Docker
- API Integration
- Automation
- Monitoring
- Agile
- Code Review

#### LANGUAGES

- English
- Spanish
- French

#### EDUCATION

**BACHELOR OF SCIENCE IN COMPUTER ENGINEERING, FUTURE UNIVERSITY, 2019**

#### ACHIEVEMENTS

- Increased deployment frequency by 25% through the introduction of CI/CD practices.
- Recognized for outstanding performance during internship with a full-time job offer.
- Successfully reduced cloud costs by 15% through resource optimization

#### WORK EXPERIENCE

##### WEB DEVOPS ENGINEER

FutureTech Innovations

2020 - 2025

- Developed and maintained CI/CD pipelines using Jenkins, improving deployment frequency by 25%.
- Managed cloud resources on Google Cloud Platform, optimizing costs and performance.
- Automated infrastructure deployment using Ansible, reducing setup time by 50%.
- Worked with developers to implement API integrations and enhance system functionality.
- Monitored application performance and implemented fixes to reduce downtime.
- Participated in code reviews to ensure adherence to best practices and standards.

##### DEVOPS INTERN

Tech Startups Inc.

2015 - 2020

- Supported the development of automated deployment scripts for web applications.
- Assisted in monitoring system performance and troubleshooting issues.
- Participated in Agile ceremonies and contributed to sprint planning.
- Documented processes and created knowledge articles for team use.
- Collaborated with cross-functional teams to improve deployment processes.
- Gained hands-on experience with Git, Docker, and cloud technologies.
