MICHAEL ANDERSON

Middleware Developer

San Francisco, CA • (555) 234-5678 • michael.anderson@email.com • www.michaelanderson.com

SUMMARY

Dynamic Web Middleware Developer with over 5 years of experience in designing and implementing robust middleware solutions for enterprise-level applications. Proven track record of enhancing application performance and reliability while ensuring seamless integration between disparate systems. Strong understanding of web services, RESTful APIs, and microservices architecture. Adept at utilizing Java, Node.

WORK EXPERIENCE

Middleware Developer Tech Innovations Inc.   *Jan 2023 - Present*

- Designed and implemented middleware solutions for a suite of enterprise applications, improving system response times by 30%.
- Collaborated with cross-functional teams to gather requirements and ensure alignment with business objectives.
- Developed RESTful APIs using Java and Spring Boot, enhancing system interoperability.
- Monitored application performance and made necessary adjustments, reducing downtime by 15%.
- Participated in code reviews and mentoring junior developers, fostering a culture of quality and continuous improvement.
- Implemented CI/CD pipelines to streamline deployment processes, resulting in a 40% decrease in release cycles.

Junior Middleware Developer Web Solutions Ltd.   *Jan 2020 - Dec 2022*

- Assisted in the development of middleware applications that facilitated data exchange between various systems.
- Conducted testing and debugging of middleware components, leading to a 20% reduction in bug reports.
- Collaborated closely with the QA team to ensure high-quality software releases.
- Documented technical specifications and user manuals for internal and external stakeholders.
- Participated in agile development methodologies, contributing to sprint planning and retrospective meetings.
- Learned and applied best practices in middleware design, improving personal coding skills significantly.

EDUCATION

Bachelor of Science in Computer Science, University of Technology, 2016   *Sep 2019 - Oct 2020*

ADDITIONAL INFORMATION

- **Technical Skills:** Java, Node.js, RESTful APIs, Spring Boot, Microservices, CI/CD
- **Awards/Activities:** Received 'Employee of the Month' award for outstanding performance in project delivery.
- **Awards/Activities:** Contributed to a project that won the 'Best Innovation' award at the annual tech fair.
- **Awards/Activities:** Successfully led a team of developers in a hackathon, creating an award-winning middleware application.
- **Languages:** English, Spanish, French
