# Michael Anderson

## WEB PLATFORM ENGINEER

I am a passionate Web Platform Engineer with a focus on building applications for the healthcare sector. With over 6 years of experience, I have developed a strong portfolio of projects that enhance patient engagement and streamline healthcare workflows. My expertise includes working with healthcare APIs and ensuring that applications comply with industry regulations such as HIPAA.

## EXPERIENCE

### WEB PLATFORM ENGINEER

HealthTech Solutions

2016 - Present

- Built a patient management system using Angular and .NET Core.
- Ensured compliance with HIPAA regulations during application development.
- Collaborated with healthcare professionals to refine system functionalities.
- Implemented user authentication and data encryption for security.
- Optimized system performance, reducing load times by 30%.
- Conducted training sessions for staff on new system features.

### SOFTWARE ENGINEER

MediTech Innovations

2014 - 2016

- Developed web applications for patient engagement and telehealth services.
- Integrated third-party healthcare APIs for enhanced functionality.
- Participated in Agile development processes, improving team efficiency.
- Wrote user documentation and technical specifications for applications.
- Conducted performance testing to ensure application reliability.
- Provided ongoing support and troubleshooting for users.
