

MICHAEL ANDERSON

Cloud Web Engineer

As an innovative Web Platform Engineer with 9 years of experience, I specialize in cloud-based solutions for enterprise-level applications. My career has been defined by a commitment to leveraging cloud technologies to build scalable and resilient web platforms. I have successfully led teams in the migration of legacy applications to cloud environments, resulting in improved performance and reduced operational costs.

WORK EXPERIENCE

Cloud Web Engineer

2020-2023

Global Tech Solutions

- Led the migration of on-premise applications to AWS, reducing costs by 20%.
- Designed cloud architecture for scalable web applications using microservices.
- Implemented DevOps practices, increasing deployment frequency by 50%.
