- PCI Compliance
- Vulnerability Analysis
- Incident Response
- Security Audits
- Security Training

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN CYBERSECURITY, DIGITAL UNIVERSITY**

### ACHIEVEMENTS

- Successfully identified and mitigated a major security vulnerability in a high-traffic e-commerce site.
- Received recognition for developing an effective security training program.
- Contributed to achieving PCI DSS compliance for multiple online platforms.

## PROFILE

Experienced Web Security Engineer with a strong background in e-commerce platforms, encompassing over 6 years of experience in safeguarding sensitive customer information. My expertise lies in analyzing web applications for vulnerabilities and implementing security best practices to protect against data breaches. I have worked extensively with e-commerce applications, ensuring PCI compliance and optimizing security measures to enhance customer trust.

## EXPERIENCE

### WEB SECURITY ENGINEER

**EcomSecure Ltd.**

*2016 - Present*

- Conducted security assessments for e-commerce platforms, identifying vulnerabilities and recommending remediation strategies.
- Implemented multi-factor authentication across platforms, improving account security by 30%.
- Developed a security training program for employees, leading to a 50% decrease in phishing incidents.
- Monitored web applications for suspicious activities using advanced security tools.
- Collaborated with developers to ensure PCI compliance for online transactions.
- Performed code reviews to enhance security in the software development lifecycle.

### JUNIOR SECURITY ANALYST

**SecureShop Inc.**

*2014 - 2016*

- Assisted in the evaluation of web applications for security vulnerabilities, contributing to audit reports.
- Conducted regular penetration tests to identify security gaps in web applications.
- Provided support during incident response efforts, helping to mitigate security breaches.
- Documented security incidents and responses, ensuring accurate record-keeping for compliance.
- Participated in developing security policies and best practices for web applications.
- Engaged in continuous learning through security certifications and industry seminars.
