Design University
2019

⭐ SKILLS

- JavaScript
- Vue.js
- Angular
- HTML
- CSS
- Responsive Design

🌐 LANGUAGES

- English
- Spanish
- French

Creative Web Software Engineer specializing in frontend development with a focus on interactive and engaging user experiences. With over 3 years of experience, I have honed my skills in JavaScript frameworks, particularly Vue.js and Angular. I am passionate about crafting high-quality code and using design principles to enhance usability. My experience includes collaborating with designers to create responsive web applications that are both functional and visually appealing.

💼 WORK EXPERIENCE

Frontend Developer
2020-2023

Creative Web Agency

- Developed interactive user interfaces using Vue.js and Bootstrap.
- Collaborated with graphic designers to translate designs into functional web applications.
- Implemented responsive design principles for mobile compatibility.
- Conducted user testing to gather feedback and improve features.
- Optimized web applications for speed and efficiency.
- Participated in code reviews to uphold coding standards.

Web Development Intern
2019-2020

Startup Hub

- Assisted in the development of client websites using HTML, CSS, and JavaScript.
- Learned best practices for responsive web design and accessibility.
- Supported the team in debugging and troubleshooting web applications.
- Documented project workflows and coding processes.
- Participated in team meetings to discuss project timelines and updates.
- Contributed to the design and implementation of new features.

★ ACHIEVEMENTS

- Increased user engagement by 40% through improved application design.
- Received commendation for outstanding performance during internship.
- Contributed to a project that won Best Web Experience award.
