MICHAEL ANDERSON

WEB STANDARDS SPECIALIST

Dynamic Web Standards Specialist with a strong background in educational technology, possessing over 7 years of experience in creating accessible and engaging web content for educational institutions. Proven ability to work closely with instructional designers and faculty to develop digital learning environments that adhere to web standards.

PROFESSIONAL EXPERIENCE

Learning Innovations Group   *Mar 2018 - Present*
Web Standards Specialist

- Collaborated with faculty to develop web-based learning materials that meet accessibility standards.
- Conducted workshops for educators on web standards and compliance.
- Evaluated existing digital resources for adherence to web guidelines.
- Implemented design changes that improved user engagement by 35%.
- Led initiatives to integrate inclusive design principles into all educational materials.
- Assisted in the development of a web accessibility policy for the institution.

Future Learning Institute   *Dec 2015 - Jan 2018*
Instructional Web Developer

- Designed and developed interactive online courses using web standards.
- Ensured all course materials were compliant with accessibility guidelines.
- Worked with subject matter experts to create engaging content.
- Utilized analytics to improve course completion rates by 15%.
- Documented best practices for web development in educational settings.
- Provided technical support for faculty using learning management systems.

ACHIEVEMENTS

- Developed a web accessibility training program used by over 200 educators.
- Contributed to a 40% increase in user satisfaction ratings for online courses.
- Recognized with the 'Innovative Educator Award' for contributions to digital learning.
