EDUCATION

BACHELOR'S DEGREE IN WEB DESIGN, ART INSTITUTE, 2014

ACHIEVEMENTS

- Increased overall site performance by implementing lazy loading, reducing page load speeds by 35%.
- Received 'Best UI Design' award at the Annual Web Design Awards in 2020.
- Successfully led a project that resulted in a 150% growth in user registration on a client's website.

PROFILE

Creative Web UI Developer with a focus on e-commerce platforms and over 7 years of experience in building scalable web applications. My expertise lies in transforming complex design concepts into practical, functional code that enhances the shopping experience. I excel in collaborating with cross-functional teams to ensure a cohesive and engaging user journey.

EXPERIENCE

SENIOR WEB DEVELOPER

Global E-Commerce Solutions

2016 - Present

- Led a team of developers in designing and implementing a new e-commerce platform that increased sales by 50%.
- Developed custom UI components using Angular, enhancing user interaction and satisfaction.
- Collaborated closely with marketing teams to integrate promotional features that boosted user engagement.
- Conducted A/B testing to determine optimal UI layouts, resulting in a 20% increase in conversion rates.
- Mentored junior developers on best practices in front-end development and user experience.
- Maintained code quality through regular reviews and adherence to industry standards.

WEB UI DESIGNER

Design Masters Agency

2014 - 2016

- Created visually compelling web interfaces for various e-commerce clients, focusing on user-centric design.
- Utilized design tools like Figma and Adobe XD to prototype and present design concepts.
- Worked with developers to ensure seamless implementation of design specifications.
- Gathered user feedback and iterated on designs to improve functionality and aesthetics.
- Participated in client meetings to understand requirements and deliver tailored solutions.
- Developed style guides and design systems to maintain brand consistency across multiple platforms.
