### SUMMARY

Demonstrated expertise in welding supervision, fostering an environment of excellence and safety in high-stakes industrial settings. Proven ability to lead diverse teams, ensuring compliance with stringent quality standards and regulatory requirements. Extensive experience in implementing efficient workflows that enhance productivity and reduce operational costs. Adept at troubleshooting complex welding issues, employing advanced problem-solving techniques to maintain project timelines.

### WORK EXPERIENCE

#### Welding Supervisor ABC Industries

Jan 2023 - Present

- Oversaw daily welding operations, ensuring adherence to safety protocols and quality standards.
- Conducted regular inspections of welding equipment, implementing maintenance schedules to minimize downtime.
- Developed training programs for junior welders, enhancing skill sets and operational efficiency.
- Managed a team of 15 welders, fostering a culture of collaboration and continuous improvement.
- Collaborated with engineering teams to refine project specifications and welding techniques.
- Implemented lean manufacturing principles, resulting in a 20% reduction in production costs.

#### Senior Welder XYZ Fabrication

Jan 2020 - Dec 2022

- Executed complex welding tasks on high-strength steel and aluminum frameworks.
- Utilized MIG and TIG welding techniques to achieve high-quality finishes on critical components.
- Monitored and adjusted welding parameters to optimize performance and reduce waste.
- Participated in safety audits, contributing to a 15% decrease in workplace incidents.
- Documented welding processes and repairs for compliance with client specifications.
- Assisted in the development of new welding techniques that improved efficiency by 10%.

### EDUCATION

#### Bachelor of Science in Mechanical Engineering

Sep 2019 - Oct 2020
