MICHAEL ANDERSON

CONSTRUCTION WELDING INSPECTOR

Dedicated Welding Inspector with extensive experience in the construction industry, exhibiting a comprehensive understanding of structural welding and safety regulations. Proven expertise in conducting thorough inspections and assessments of welding operations to ensure compliance with local and national standards. Strong ability to communicate effectively with construction teams and management to resolve issues promptly.

PROFESSIONAL EXPERIENCE

BuildRight Contractors

Mar 2018 - Present

Construction Welding Inspector

- Conducted inspections on structural welds in compliance with ANSI and AISC standards.
- Utilized visual and destructive testing methods to evaluate weld quality.
- Coordinated with site supervisors to ensure compliance with safety regulations.
- Authored detailed inspection reports and compliance documentation.
- Mentored junior inspectors in best practices for welding inspection.
- Identified and mitigated potential safety hazards on construction sites.

Urban Builders Group

Dec 2015 - Jan 2018

Welding Inspector

- Performed routine inspections on welding operations for commercial construction projects.
- Ensured adherence to project specifications and building codes.
- Collaborated with engineering teams to resolve non-conformance issues.
- Implemented corrective measures for identified deficiencies in weld quality.
- Trained site personnel on compliance and safety standards.
- Reduced inspection-related delays by 25% through effective scheduling and communication.

ACHIEVEMENTS

- Successfully led a quality initiative that reduced rework costs by 15%.
- Awarded 'Safety Champion' for outstanding commitment to workplace safety.
- Recognized for developing innovative inspection techniques that improved efficiency.
