SKILLS

- Automotive welding inspection
- Quality assurance
- Testing methodologies
- Process improvement
- Reporting
- Cross-functional collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

**BACHELOR OF ENGINEERING IN
MECHANICAL ENGINEERING,
AUTOMOTIVE UNIVERSITY, 2018**

ACHIEVEMENTS

- Played a key role in reducing warranty claims by 25% through improved welding quality.
- Awarded 'Inspector of the Month' for outstanding performance and accuracy.
- Implemented a training program that enhanced inspector skills and knowledge by 30%.

WORK EXPERIENCE

AUTOMOTIVE WELDING INSPECTOR

AutoPrecision Manufacturing

2020 - 2025

- Conducted thorough inspections of welded automotive components to ensure compliance with ISO/TS standards.
- Utilized destructive and non-destructive testing methods for quality assurance.
- Assisted in the development of quality management protocols for welding processes.
- Collaborated with production teams to implement efficient welding techniques.
- Documented inspection findings and prepared reports for management review.
- Reduced defect rates by 18% through proactive quality initiatives.

WELDING QUALITY INSPECTOR

Speedy Auto Works

2015 - 2020

- Performed inspections on critical welded assemblies for automotive safety components.
- Ensured compliance with both internal and external quality standards.
- Communicated inspection results effectively to engineering and production teams.
- Participated in root cause analysis to identify welding defects.
- Developed training materials for new inspectors focusing on automotive welding standards.
- Increased inspection accuracy by 20% through enhanced training programs.
