EXPERTISE SKILLS

- Robotic welding
- advanced fabrication
- quality assurance
- maintenance management
- programming
- teamwork

LANGUAGES

- English
- Spanish
- French

CERTIFICATION

- Diploma in Welding Technology, Community College of Trades

MICHAEL ANDERSON

ROBOTIC WELDING TECHNICIAN

Dedicated Welding Shop Technician known for expertise in specialized welding applications and innovative fabrication solutions. Proven ability to operate and maintain advanced welding machinery, including robotic welding systems, resulting in enhanced productivity and precision. Strong focus on continuous improvement and process optimization, demonstrating a keen understanding of industry best practices. Adept at performing rigorous quality checks to ensure compliance with specifications and customer requirements.

PROFESSIONAL EXPERIENCE

Automation Welding Technologies

Mar 2018 - Present

Robotic Welding Technician

- Operated and maintained robotic welding systems, achieving high levels of automation.
- Developed programming for robotic welders to enhance production efficiency.
- Conducted regular maintenance checks on welding equipment to prevent operational failures.
- Collaborated with quality control teams to ensure product compliance.
- Trained staff on the use of robotic systems and safety protocols.
- Implemented data tracking methods to assess welding performance metrics.

Custom Metal Works

Dec 2015 - Jan 2018

Welding Technician

- Executed precision welding on custom metal fabrications for high-profile clients.
- Interpreted complex drawings to fabricate components accurately.
- Conducted materials testing to ensure high-quality standards.
- Maintained a clean and safe working environment, promoting workplace safety.
- Collaborated with project managers to adhere to timelines and budgets.
- Participated in safety meetings to discuss improvement strategies.

ACHIEVEMENTS

- Instrumental in achieving a 30% increase in production efficiency through automation.
- Recognized for outstanding contribution to a high-profile project, receiving client commendation.
- Achieved a 95% compliance rate in quality inspections over two consecutive years.
