WORK EXPERIENCE

Wind Energy Project Manager

2020-2023

Sustainable Wind Technologies

- Managed the development and installation of wind energy projects totaling 300 MW.
- Coordinated project schedules and resources to ensure timely execution.
- Conducted feasibility studies to assess project viability and potential risks.
- Developed training programs for project staff on safety and compliance.
- Engaged in community outreach to foster positive relationships with local residents.
- Utilized project management software to track progress and deliverables.

Junior Project Manager

2019-2020

Renewable Energy Innovations

- Assisted in the management of wind energy projects from planning through execution.
- Prepared project documentation, including proposals and reports.
- Monitored project budgets and schedules, reporting updates to senior management.
- Conducted site visits to assess project progress and compliance.
- Supported stakeholder engagement and communication efforts.
- Participated in safety audits to ensure adherence to industry regulations.

ACHIEVEMENTS

- Successfully completed projects under budget and ahead of schedule.
- Recognized for exceptional project management skills with a company award.
- Increased community support for wind projects through effective outreach initiatives.
