MICHAEL ANDERSON

WINDOWS SYSTEMS ADMINISTRATOR

Highly skilled Windows Systems Administrator with a focus on cloud technologies and hybrid environments, bringing over 6 years of experience in IT infrastructure management. Experienced in migrating on-premise systems to cloud platforms, ensuring seamless transitions and minimal disruption to business operations. Strong background in network architecture and security, with a commitment to maintaining high standards of system availability and performance.

PROFESSIONAL EXPERIENCE

Cloud Solutions Inc. *Mar 2018 - Present*

Windows Systems Administrator

- Migrated over 50 applications from on-premise to Azure, enhancing accessibility.
- Designed and implemented a hybrid cloud strategy, optimizing resource allocation.
- Monitored cloud performance, ensuring system uptime of 99.9%.
- Automated backup processes using cloud-native tools, reducing backup time by 40%.
- Conducted training sessions for employees on cloud best practices.
- Collaborated with developers to integrate cloud solutions into existing workflows.

Tech Innovations Co. *Dec 2015 - Jan 2018*

IT Administrator

- Managed Windows servers and workstations for a mid-sized organization.
- Implemented security protocols and user access controls effectively.
- Resolved technical issues swiftly, maintaining high levels of user satisfaction.
- Maintained documentation of system configurations and changes.
- Assisted in evaluating new technologies for potential adoption.
- Participated in disaster recovery planning and testing exercises.

ACHIEVEMENTS

- Successfully completed a major cloud migration project under budget and ahead of schedule.
- Received commendation for outstanding service from management in 2022.
- Developed a cloud training program that increased user proficiency by 30%.
