

MICHAEL ANDERSON

LEAD WIREMAN

PROFILE

Accomplished Wireman with a robust background in industrial electrical systems and automation. Recognized for exceptional skills in wiring, maintenance, and system upgrades that enhance operational productivity. Expertise in implementing rigorous safety protocols and conducting risk assessments to mitigate hazards. Proven track record of working collaboratively with engineering teams to develop innovative electrical solutions tailored to specific operational needs.

EXPERIENCE

LEAD WIREMAN

Industrial Electrics Ltd.

2016 - Present

- Oversaw the installation and maintenance of industrial electrical systems in manufacturing plants.
- Developed and implemented preventive maintenance schedules to minimize downtime.
- Performed comprehensive testing of electrical systems to ensure reliability.
- Trained and mentored junior electricians on best practices and safety protocols.
- Collaborated with project managers to ensure timely project delivery.
- Utilized CAD software to assist in circuit design and layout planning.

WIREMAN

Tech Electric Co.

2014 - 2016

- Installed and repaired wiring systems in commercial and industrial facilities.
- Conducted troubleshooting and maintenance of electrical equipment and systems.
- Assisted in the design and implementation of energy-efficient lighting systems.
- Maintained accurate records of work performed and materials used.
- Ensured compliance with all electrical codes and safety regulations.
- Provided technical support to clients regarding electrical systems.

- San Francisco, CA

SKILLS

- Industrial wiring
- Automation systems
- Preventive maintenance
- Risk assessment
- CAD design
- Team collaboration

LANGUAGES

- English
- Spanish
- French

EDUCATION

ASSOCIATE DEGREE IN ELECTRICAL TECHNOLOGY, CITY COLLEGE, 2013

ACHIEVEMENTS

- Reduced equipment downtime by 30% through effective maintenance strategies.
- Recognized for excellence in safety compliance with a company-wide award.
- Successfully led a team to complete a major electrical upgrade project ahead of schedule.
