

MICHAEL ANDERSON

STEM Program Director

Innovative Women Empowerment Impact Analyst with a strong foundation in technology and digital inclusion initiatives aimed at bridging the gender gap in STEM fields. Extensive experience in developing programs that encourage women's participation in technology and engineering careers. Proficient in utilizing digital tools for data analysis and program evaluation, ensuring data-driven decision-making.

WORK EXPERIENCE

STEM Program Director

2020-2023

Girls Who Code

- Directed programs that introduced over 2,000 girls to coding and technology careers.
- Developed partnerships with tech companies to provide mentorship and internship opportunities.
- Conducted evaluations of program effectiveness, utilizing participant feedback for enhancements.
- Organized hackathons and tech camps that fostered creativity and innovation among participants.
- Utilized digital marketing strategies to promote programs and increase enrollment.
- Reported on program outcomes to stakeholders, demonstrating impact and success.

Program Manager

2019-2020

TechGirls Initiative

- Managed initiatives aimed at increasing female representation in technology fields.
- Coordinated workshops that trained women in digital skills and entrepreneurship.
- Collaborated with industry leaders to create job placement programs for women.
- Evaluated program success through metrics and participant surveys.
- Facilitated networking events that connected women with potential employers.
- Produced reports that highlighted successes and best practices for future initiatives.

ACHIEVEMENTS

- Increased female enrollment in tech programs by 60% within two years.
- Recipient of the National Award for Excellence in STEM Education in 2021.
- Developed a mentorship program that connected over 500 girls with female tech leaders.
