

Michael

ANDERSON

DATA ANALYST

Strategic and analytical Women Empowerment Officer with a focus on data-driven decision making and program evaluation. Expertise in leveraging analytics to design interventions that enhance women's socio-economic status. Proven ability to collaborate with diverse stakeholders, aligning organizational goals with community needs. Strong background in monitoring and evaluation frameworks, ensuring accountability and transparency in program implementation.

WORK EXPERIENCE

DATA ANALYST

Women's Empowerment Research Institute

2020 - 2025

- Analyzed data from various programs to assess impact on women's lives.
- Developed metrics to evaluate program success and areas for improvement.
- Collaborated with program teams to identify data needs and reporting requirements.
- Presented findings to stakeholders, influencing strategic decisions.
- Conducted training sessions on data collection and analysis methods.
- Authored reports that shaped organizational policies and practices.

PROGRAM EVALUATOR

Empower Women Initiative

2015 - 2020

- Led evaluations of women empowerment programs to determine effectiveness.
- Utilized qualitative and quantitative methods to gather comprehensive data.
- Collaborated with stakeholders to refine program objectives based on findings.
- Developed evaluation frameworks that enhanced program accountability.
- Produced detailed reports and presentations for funders and partners.
- Provided recommendations that led to a 25% increase in program efficiency.
