WORK EXPERIENCE

Health Program Director

2020-2023

Women's Health Initiative

- Designed and implemented health programs addressing maternal and reproductive health.
- Collaborated with local clinics to improve access to healthcare services for women.
- Conducted community health assessments to identify needs and resources.
- Facilitated educational workshops on women's health topics.
- Managed budgets and allocated resources for various health initiatives.
- Monitored program outcomes and prepared reports for stakeholders.

Community Health Educator

2019-2020

Rural Women's Network

- Developed health education materials focused on women's health issues.
- Conducted workshops to promote awareness of reproductive rights.
- Engaged with community leaders to advocate for women's health resources.
- Assisted in organizing health fairs to provide screenings and education.
- Evaluated program effectiveness through surveys and feedback.
- Collaborated with healthcare providers to deliver services to underserved populations.

ACHIEVEMENTS

- Increased access to maternal health services by 35% in rural areas.
- Received the 'Excellence in Community Health' award in 2021.
- Implemented a health education program that reached over 1,000 women.
