## EXPERTISE SKILLS

- CNC operation
- lean manufacturing
- team collaboration
- quality control
- architectural woodworking
- client relations

## LANGUAGES

- English
- Spanish
- French

## CERTIFICATION

- Diploma in Woodworking Technology, Vocational Institute

# MICHAEL ANDERSON

## COMMERCIAL WOODWORKING TECHNICIAN

Innovative Woodworking Technician with a robust background in commercial woodworking projects. Expertise in large-scale production environments, adept at utilizing advanced machinery and software to drive efficiency and precision. Demonstrates a comprehensive understanding of material properties and their applications in various woodworking contexts, ensuring optimal utilization of resources. Proven track record of fostering collaborative team environments that emphasize safety, quality, and continuous improvement.

## PROFESSIONAL EXPERIENCE

### **Precision Wood Products**

*Mar 2018 - Present*

Commercial Woodworking Technician

- Managed the production of large volumes of customized wood products for commercial clients.
- Operated and maintained CNC routers and planers with a focus on precision.
- Implemented lean manufacturing techniques to reduce cycle times and costs.
- Conducted regular training sessions on machinery operation and safety protocols.
- Collaborated with engineering teams to improve product design and manufacturability.
- Oversaw inventory management to ensure timely availability of materials.

### **Crafted Innovations**

*Dec 2015 - Jan 2018*

Woodworking Technician

- Assisted in the fabrication of architectural wood products for high-end residential projects.
- Utilized advanced finishing techniques to achieve superior product aesthetics.
- Maintained detailed records of production schedules and material usage.
- Conducted quality checks to ensure adherence to specifications and standards.
- Supported the development of new processes that improved efficiency and quality.
- Worked closely with clients to gather feedback and refine product offerings.

## ACHIEVEMENTS

- Achieved a 15% reduction in production costs through process improvements.
- Received commendation for excellence in craftsmanship from industry peers.
- Successfully completed over 100 projects on time and within budget.
